- a. Before becoming eligible to compete, the handicapped person and his coach must both submit written statements requesting permission to compete and the nature and extent of the limitations, along with a full statement by the coach as to his/her evaluation of the ability of the rider. The statements must be submitted to the Vice President of IEA.
- b. The appropriate Division Vice President ["DVP"], or his designee, shall observe the rider on a horse, either in person at a mutually convenient location or via video, within thirty (30) days of the application, or if the application is received between April 1 – September 15, of the calendar year, by October 15. A videotape, unedited and recorded by a disinterested party, may be substituted for the Vice President's on sight observation. If, however, the Vice President is not satisfied with the tape, he may still request personal observation.
- c. The DVP shall determine whether the handicapped person can safely compete in the class level for which the person is otherwise eligible under the Rules without active assistance. Active assistance is defined as physical assistance in the directing or control of the horse or verbal or sign assistance in the directing or control of the horse. If the DVP determines that the rider cannot safely compete, then the person shall have the right to a review by the full Board of Directors by requesting such a review in writing. The request shall state all facts the person believes to be pertinent and must include a statement signed by the person, or his parent if the person is under 18, agreeing the decision of the Board. The Board's decisions shall be final and the prospective rider and parents will be bound by that determination.

Rule 2: Membership

The EHC shall promptly notify the stable or person providing horses for the show of the nature and extent of the handicap so that reasonable accommodations can be made.
- e. The provider of horses may in his sole discretion determine whether to permit the rider to compete on the provider's horses with or without special equipment. The provider's determination shall be final for that event only. The EHC should make every attempt to obtain the provider's determination before the day of the event in order to avoid inconveniencing the handicapped person. If the EHC determines that none of the provider's horses can be ridden with the special equipment required for the rider, then the school must timely notify the coach and handicapped rider.
- f. The stewards, the show committees, the stable providing facilities, the EHC and the persons providing horses for the show will evaluate riders having temporary physical handicaps on an individual basis as to suitability and safety.

E. Membership Rights

A member in good standing has a right to participate in IEA sanctioned, sponsored or promoted competitions, shows, activities and events, and receive other benefits of membership as determined by IEA. However, in order to remain a member in good standing, a member's annual dues must be paid in full, the member must submit annually information as required by IEA in the IEA Membership Packet, a member must not be indebted to the IEA except in the ordinary course of the IEA's operation, and shall not be in violation of any requirement set forth in these Rules and Regulations and shall not be suspended or expelled pursuant to Rule 2(G).

G. Membership Suspension and Expulsion

- a. Membership rights will be automatically suspended from the date that IEA is notified of non-payment of entry fees or that a member's check written for any purpose has not cleared their account until such date as the member makes payment to IEA by cash, certified check, or money as substitute payment and pays IEA \$25 as an administrative and returned check fee.
- b. Any Rider or Team member may be suspended or expelled from active participation in IEA for just cause as determined by the prevailing standards and rules of the IEA, which may, but need not, incorporate the standards and rules of other recognized equestrian associations, including but not limited to the USEF, AQHA, NRHA and IHSA. Expulsion of a member can also be determined by a vote of at least two-thirds (2/3) of the Board of Directors, excluding the offending member. In all such cases, a written notice shall be given to the member in question ten (10) days in advance of such meeting, stating the charges and inviting the member to attend and be heard at such meeting. Should the member desire to appear and be heard at such meeting, she/he shall indicate such desire in writing to the IEA Board Chair, at least 48 hours in advance of the meeting date. The Board of Directors shall determine the suspension and/or sanctions, if appropriate.
- c. The falsification of any membership, show, eligibility, insurance information, application, waiver of liability, placement or any other document or form required by IEA, Event Host Coordinator or a host facility, may be cause for immediate expulsion of the rider, coach, and/or Team from IEA, the IEA sanctioned event and any other penalty assigned by the IEA Rules and Ethics Committee.

H. Election of Zone Chairs

A Zone will consist of one or more Regions as determined annually by the Board of Directors.

Other than Founding Members (Roxane Rheinheimer, Ollie Griffith, Wayne Ackerer, Timothy Boone and Myron Leff, or their respective designee) to “qualify” as a Zone Chair or a Member of the Board of Directors he or she must be (a) a Coach, Alumni or Contributing IEA Member in the year serving on, appointed to and/or elected to the Board of Directors, (b) at least the age of 21 when elected or appointed, and (c) if a Zone Chair, be a resident of the Zone he/she represents.

The adult IEA members in each active Zone will elect a Zone Chair. Each active Zone will have one seat on the Board of Directors. An “active Zone” is defined as having at least one IEA Team or one IEA Coach in the Zone. The Zone Chair will represent both the hunt seat and western coaches and riders in their respective Zone on the Board of Directors. The Zone Chair will also be responsible for organizing and supervising the Zone’s operations, the Regional competitions (if required) and the Zone Finals competition.

At a meeting of each active Zone, or by some other fair and reasonable method, the qualified adult IEA members in the Zone will nominate members for the position of Zone Chair. Any adult IEA Member can self nominate himself or herself for the position as Zone Chair. The nominations for Zone Chair must be submitted to the IEA Membership Secretary by April 30th each year and if there is more than one nomination for a Zone Chair a vote of all adult Zone resident members will be conducted by IEA no later than June 15th. The adult IEA members in the Zone will vote for the position of Zone Chair on the official ballot that is emailed or mailed by the membership secretary. The IEA Member must sign the paper ballot, and the ballot must be mailed to and received by the IEA membership secretary by the deadline date set by IEA. There will be one vote per IEA adult Member.

I. Board of Directors and Executive Committee

The Board of Directors will consist of as few as 12, or as many as 20, members (Zone Chairs, Founding Members & At-Large Members) as indicated in the By-Laws. Initially there will be three groups of Zone Chairs elected to the Board, which will serve staggered terms starting July 1, 2007: 1st group: zones 1, 4, 7, 10 (two years); 2nd group: zones 2, 5, 8, 11 (three years); and 3rd group: zones 3, 6, 9, 12 (one year). After each group serves its initial term starting on July 1, 2007, the zone board member will thereafter be elected to a 3-year term. If the Zone is not active or no nominations are received from the Zone, the Executive Committee (defined below) can appoint from the Zone an interested qualified IEA Member to serve the term for that zone. If a Zone Chair or Director during his/her term withdraws or is no longer able or available to actively serve his/her complete term on the Board of Directors, the Executive Committee will appoint an interested qualified IEA Member to serve the remaining term. The National Steward shall be a non-voting ad hoc member of the Board.

The Executive Committee of IEA will consist of the President, President-Elect, Secretary, Treasurer and the Founding Board Members (or their designees). The Board of Directors will elect the officers of the organization annually as set forth in the By-Laws. Officers may be elected from any adult member of IEA or the Founding Members. The Executive Committee will be charged with the responsibility for operations of IEA, and will hire and fire all other IEA support staff it chooses to retain, including, if appropriate, an executive director, marketing director, Nationals Finals Coordinator and membership secretary, and it will determine the salaries to be paid for all positions. The Executive Director, if hired, will report directly to the Executive Committee and perform the assigned operational duties for the Executive Committee. The Executive Committee will also appoint the National Steward and all members of the various committees created for operation or function of IEA. The Executive Committee will also determine and set the amount that will be charged for each category of IEA membership.

J. Presenting Matters to IEA

Any IEA member may bring a matter concerning the functioning of the IEA, the conduct of competitions, classification of riders, coaches, etc. to the attention of the Board of Directors by submitting a request in writing to the attention of the Board Chair, however Coaches should file petitions on behalf of their teams or individual riders. Any matter that concerns the safety of horses and riders, or the ethics of coaches or

riders shall be considered an urgent matter and shall be dealt with immediately by the Show Steward, and such determination and decision will be final during the show. However, any decision of the Show Steward may be appealed in writing directly to the respective Zone Chair within fourteen (14) days after the end of the show. The Zone Chair will then forward the appeal to the IEA Membership Secretary, who will bring the matter to the attention of the National Steward. Members who have general concerns or suggestions for the association should present the matter to their coach, who then should contact their Zone Chair. The Zone Chair can then bring the matter to the attention of the IEA Membership Secretary.

K. Indemnification

1. By making application to, becoming a member of IEA, or competing in any IEA sanctioned event, competition or show, all IEA Members, and the parents, next friend and legal guardians of the Rider Members, agree not to sue, not to bring any claim against, and to indemnify and hold harmless IEA, its officers, directors, members, National Steward, zone chair, employees, show officials, judges, stewards, agents, representatives and assigns against all threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (hereinafter collectively referred to as "Action") arising by reason of or from injury, death, or damages of any kind that occurs at, traveling to, around, or near, or training and preparing for, any IEA approved or sanctioned competition, show or event. Litigation expenses, attorney fees and costs incurred in defending an Action may be paid by the IEA in advance, however, the responsible Team, Coach, parents, legal guardians and member shall reimburse IEA for said expenses, fees and costs.

2. All IEA members acknowledge and agree, as condition to membership in IEA, that if litigation is initiated or filed by IEA against a member, or is initiated or filed by a member (or the parents, next friend or legal guardian of a member) against IEA, its, officers, directors, members, zone chairs, agents or representatives, the member waives all defenses and claims relating to jurisdiction and venue, and consents to such litigation being filed in, or removed to, an appropriate state or federal court located in Columbus, Ohio.

3. ***IEA does not take responsibility for, endorse or make any representations regarding the competency, education, training, ability or background of any member, including Coaches.*** Furthermore, IEA cannot and does not evaluate or vouch for the background or quality of any Coach, horse, riding facility, equipment, tack or stables. ***Riding horses and being around such animals is an unpredictable, inherently risky, and intrinsically dangerous activity.*** Therefore, ***all members and parents/guardians should, and must, make their own evaluation and decision of the associated risks and dangers before becoming a member, or granting permissions for a minor to become a member, of IEA and competing at IEA shows, competitions, and events.***

Rule 3: Divisions, Classes and Tests

There shall be two divisions: Hunt Seat and Western. Except where special rules only apply to a particular division, all rules apply to all riders and coaches in both divisions. The team coach will be responsible for assigning the rider to the appropriate division and class within the division, based upon the following descriptions. The rider's total riding experience, not just riding experience with the IEA shows, must be considered for class designations as per Rule 3. These class descriptions are designed to aid in initially placing new members, and should be used to support, but not override mandatory class advancement. Along with the mandatory advancement rules, riders must be evaluated each year according to class description levels prior to submitting membership application.

I. Class Routine – Western Horsemanship

All classes for which rules are provided herein must be conducted accordingly. Entries shall enter the ring and show collectively on the rail at all required gaits in both directions prior to any individual testing. The order to reverse should be executed away from the rail. Entries shall line up on command. A judge may change riders from any horse to any other horse in the same class. This may occur provided rail work or pattern has been completed by all riders. Any or all riders may be required to execute any appropriate test included in class requirements. Testing is optional in all classes except at the National Show where it is mandatory.

J. General Guidelines for Western Horsemanship

1. Hands: The upper arms are in a straight line with the body, the one holding the reins bent at the elbow. The position of the hand not holding the rein is optional, but it should be kept free of the horse and equipment, and held in a relaxed manner with the rider's body straight at all times. Some movement of the arms is permissible, but excessive pumping will be penalized. The hand is to be around the reins at all times. No more than one finger is permitted between the reins when split reins are used, but none with romal reins. Rider may hold the romal in the free hand provided it is at least 16" from the rein hand. Rein hand to be carried immediately above or slightly ahead of the horn of the saddle. Bracing against horn will be penalized. Reins should be carried so as to have light contact with the horse's mouth. Two hands may be used only on horses designated by the show committee. It is recommended that these horses be shown in a snaffle bit or hackamore.
2. Basic Rider Position: Riders shall sit in saddle with legs hanging underneath. The stirrup should be just short enough to allow the heels to be lower than the toes. The body should always appear comfortable, relaxed, and flexible. Feet should be placed in the stirrups with the weight on the ball of the foot.

K. Class Routine - Reining

Entries are to perform individually before the judge. Three markers will be placed on the left and right rail. A center marker and two end markers spaced appropriately to the size of the arena to allow easy passage beyond the markers. Personal appointments, position and procedures are consistent with rules governing IEA Western Horsemanship division.

Riders will be judged on symmetry of figures; properly placed variations of speed, direction, and sizes of circles; proper technical application of natural aids in obtaining lead changes, stops, and turns; and reasonable working horsemanship. Emphasis is on precision, technical application, and the ability to show an unfamiliar horse in a pre-assigned pattern. Results as shown by the performance of the horse are NOT necessarily to be considered more important than the methods used by the rider in obtaining them.

L. General Guidelines for Reining

1. All riders in the same class will be asked to perform the same pre-assigned pattern.
2. All patterns will be posted not less than one-half (½) hour before the class.
3. Patterns will be selected from official NRHA/AQHA/IHSA patterns
4. In the event horses are not capable of flying lead changes or four spins, patterns may require one or two spins and/or simple lead changes.
5. Riders are judged individually upon entering the ring and judging ends upon completion of the final maneuver. A judge's decision is final.
6. Any rider being off pattern will receive a score of zero (0) and cannot place or receive points in that class.

M. Western Horsemanship & Safety

In all IEA Western Horsemanship and Reining Classes, good horsemanship is paramount. Judges are to find the “Best Riders” and not necessarily the best mount. It is mandatory for all riders to use appropriate western tack and western attire while showing; this would include a long sleeve shirt, western hat or safety helmet, boots, western saddle, and western bridle. Failure to use appropriate attire will result in a score of zero.

General – All Divisions

N. Rider Classification and Class Eligibility

1. Riders shall be classified in accordance with guidelines established by the IEA Rules. The Coach shall designate and enter a rider in the proper class and division. It is the responsibility of the IEA Coach to advance their riders annually according to IEA rules for mandatory advancement. If a rider has progressed sufficiently in skills the coach may also voluntarily move her/him to a higher class. Along with the mandatory advancement rules, riders must be evaluated each year according to class description levels prior to submitting membership application.
2. Once a rider has competed at one level, the rider may not move to a lower level class unless directed to do so by the IEA National Steward. No rider who has competed successfully in at least two IEA sanctioned shows in a specific class will be permitted to ride in a lower class, unless he/she provides proof of diminished riding ability.
3. To be eligible for Regional, Zones, or Nationals finals in the individual or team classes a rider must show in a minimum of two (2) IEA shows during the regular season. Hunt Seat riders may not show in more than five (5) regular point shows per class per year. Western riders may not show in more than eight (8) regular point shows per class year.
4. A rider will be required to advance to the next higher class in order to compete in an IEA sanctioned event, show or competition and have those points count. IEA will track separately the points accumulated by a rider in flat and fence classes.
 - a. Riders may not compete in the same class for more than two (2) show seasons. Coaches may file a petition with the National Steward if there is a valid reason why a rider should continue to ride in the lower class.
 - b. If a rider accumulates twenty (20) points in any single competition year, that rider must, during the next competition year, move up at least one class in order to be eligible to ride in any IEA show. For purposes of this rule, only rider points awarded during a single competition year will be accumulated. No rider points will be carried over from one year to the next.
 - c. Any rider who has qualified or showed as an individual rider in a given class for the previous season's National Finals must advance to the next class level the following season. Riders selected to compete in team classes at the National Finals who do not meet any of the other advancement criteria are not required to advance to the next class level the following season.
 - d. All Hunt Seat and Western middle school riders (Futures) graduating to upper school competition (Varsity/Junior Varsity) should be reevaluated as “initial placements” and assigned the appropriate class(es) per Hunt Seat Rules 3.A-3.B. and Western Rules 3.E-3.F.
 - e. Individual and Team points will be posted on the IEA website. Points become final after they have been posted for 21 days. Coaches are responsible for verifying points and must immediately notify the IEA Membership Secretary of any discrepancies.

Rule 3: Divisions, Classes and Tests

5. When the class designation of a rider is called into question, the chief show steward at the rider's next competition (or if during a show, that chief show steward) will review the rider's ability for proper class placement.
6. Initial placement of Hunt Seat riders should be based upon their over fences eligibility. A rider may not be initially placed in a lower class designation on the flat than over fences.
7. A cross-over rider is defined as a rider who shows in both Hunt Seat and Western Divisions. Riders with little or no experience in the cross-over division may be placed one class lower than in their primary division. Riders with no prior jumping experience may be started at the novice level for over-fence class placement.

Rule 4: Competitions, Qualifications and Rider Eligibility

A. Competitions and Shows

IEA shall establish rules, regulations, and standards to govern all IEA recognized shows for all classes. These rules, regulations and standards may be changed by the Board of Directors from time to time as required to ensure, to the degree possible, the safety of horse and rider and to maintain the quality of competition. IEA shows shall be classified as a "Regular Point," "Regional Finals," "Zone Finals" or "National Finals" show. Except where specifically stated otherwise, the guidelines for Regular, Regional, Zone and National Shows will be the same. The EHC will be responsible for providing suitable facilities, horses, tack and equipment. [See Rule 5] IEA rules shall govern all classes held at all IEA shows. IEA reserves the right to make changes to the Regional, Zone, or National Finals schedule and/or procedures of competition provided any changes to the standard format are approved by the IEA Executive Committee.

In order to apply to compete in an IEA sanctioned event, show or competition and receive IEA points from that event, show or competition, the rider and/or team must be a qualified IEA member before making application for the show and an IEA membership number must have been assigned to the rider or team.

B. National Finals

In the spring of each year on a date and at a location designated by IEA, a National Finals competition will be conducted for the top qualifiers of the Zone Finals, and otherwise in accordance with the qualifying criteria as outlined in the IEA Rules and Regulations. The proposal must be

Rule 4: Competitions, Qualifications and Rider Eligibility

submitted in writing to the IEA Membership Secretary no later than August 15th. Once a Zone reaches fifteen (15) teams a mandatory review to split is required the following year. The Zone Chair must submit a proposal using the Regional Split Guidelines in writing to the IEA Membership Secretary no later than August 15th per Regional Split Guidelines.

Rider positions and team positions for Zone Finals will be proportionately divided among the regions of the zone based upon the number of members in each region as determined by IEA membership on December 31st of each year.

Regional Finals

1. Teams and individuals will qualify for Regional Finals under the IEA Rule 4.C.3.
2. Regional Finals will consist of only teams and riders that have qualified for Zone Finals under Rule 4.C.3. Regional Finals will be held at least two (2) weeks before zone finals.
3. Show points may only be accumulated by teams and riders by competing in IEA sanctioned Regular Point Shows located anywhere in the United States during the competition year. All such show points will count towards qualification for Zone Finals.
 - a. Hunt Seat and Western Teams may qualify for Regional or Zone Finals (in areas not split into regions) by accumulating twelve (12) points during the competition year.
 - b. Hunt Seat Riders may qualify for Regional or Zone Finals (in areas not split into regions) by accumulating a minimum of fifteen (15) points in that class during the competition year. Hunt Seat riders may not show in more than five (5) regular point shows per class per year. Riders will qualify separately for each class within their division.

Western riders may not show in more than eight (8) shows per class per year. Riders will qualify separately for each class within their division.
 - d. The top twelve (12) qualified riders in each class, and not more than twelve (12) riders, and the top twelve (12) teams, and not more than twelve (12) teams from Regional Finals, will be invited to Zone Finals. In the event there are more than twelve (12) qualified riders or teams, Zones utilizing regional splits will use a Regional Finals to determine which riders and teams will advance to Zone Finals. In the case of a tie at Regional or Zone Finals, the tie rule in Rule 5(M)(3) will be used to determine which riders and teams will advance.

Rule 4: Competitions, Qualifications and Rider Eligibility

4. The Zone Finals shall be held at a location designated by the Zone Chair and approved by the IEA Membership Secretary. All Zone Finals will be commenced on a date no later than three (3) weeks before the date established for the IEA National Finals. It is mandatory that the Zone Chair organize, attend and supervise the Zone Finals.

D. Regular IEA Point Shows

A Regular Point Show is a show held by an Event Host Coordinator in compliance with these Rules. Each IEA Team Member must host or co-host IEA Regular Point Show(s) in accordance with Rule 2(C)(1)(e) each school year. **One team can be defined as the primary host (EHC) with up to two co-hosts teams assisting.** Co-hosting is defined as equitable division of cost, reward, labor and services among not more than three teams, as determined by the EHC.

A Regular Point Show cannot be double judged for separate show points, and each entry fee must correspond with a separate ride for each opportunity to be judged. To qualify as a Regular Point Show and count towards qualifying for Regional, Zone and/or National competitions:

1. The IEA Membership Secretary approves the date of each show or competition in writing and in advance, and the show is scheduled to commence no earlier than September 15th, and no later than two (2) weeks before the Zone Finals, unless special written permission is granted by the IEA President and all additional conditions required by IEA to run that show are strictly followed. Otherwise, even if the show is run, if the additional conditions are not met the points acquired at the show will not count towards Regional, Zone or National competitions.
2. The EHC must be prepared to accommodate at least twelve (12) riders in each class offered. Before multiple individual team member entries are accepted, the EHC must be able to guarantee at least one entry per class to every team within their region entering before the closing date. No fewer than three (3) riders will be allowed to compete in a class and a class may not be split for points unless there are twelve (12) or more riders in the class. The number of riders in the class will be determined by the actual number attending and participating in the competition, not by the number of entries. If there are not three (3) riders competing in a class, both upper and middle school riders of the same class height must be combined for that show in order for the rider points to count.
3. The format, Class and Division levels comply with IEA Rules and Regulations.
4. The judge's and show steward's qualifications comply with IEA Rules and Regulations.
5. All coaches are IEA Coach Members in good standing.

- g. Points and classification will follow riders who transfer to other teams throughout their eligibility.
- h. No refund of show fees shall be given after the closing date set by the host team, school or facility.
- i. Substitutions in the individual competition will be accepted only if those substitutions are arranged at the zone finals and are sent in at the same time as the zone finals results. Any rider that does not plan to attend Nationals will have their coach notify the zone chair in writing at the morning coaches meeting at zone finals; if that rider places in such a way that they would advance to National Finals, the zone chair will assign the next rider in line to compete at National Finals, and will send this change to the IEA Secretary with the Zone Final results.

Rule 4: Competitions, Qualifications and Rider Eligibility

2. Team Qualifications

- a. Teams must earn points at IEA recognized shows.

Each of these teams may send one rider for each team point rider class offered at the National Finals.
- e. A Western Team must accumulate a minimum of twelve (12) points during a competition year and appear in at least two (2) IEA recognized shows to qualify for the National Finals. Each active Zone may send one Team to National Finals. There will be no more than twelve (12) Teams at the nationals. The remaining Team spots will be proportionately divided among the Zones based upon the number of Teams in each Zone as determined by IEA membership on December 31st of each year. IEA will promptly notify the Zone Chairmen at the beginning of each calendar year of the number of additional Teams a Zone may send to National Finals. Each of these teams may send one rider for each team point rider class offered at the National Finals.
- f. The National Team Championship will be awarded to the qualifying team that accumulates the most points at the National Finals competition.
- g. Substitutions in the team competition will be accepted only if those substitutions are arranged AT the Zone Finals and are sent in at the same time as the Zone Finals results. Any team that does not plan to attend Nationals will notify the Zone Chair IN WRITING at the morning coaches meeting at Zone Finals; if that team places in such a way that they would advance to National Finals, the Zone Chair will assign the next team in line to compete at National Finals, and will send this change to the IEA Secretary with the Zone Final results. After National team entries have been submitted, point rider substitutions may be allowed on a case-by-case basis, but are not guaranteed.

F. Show Fees

1. Show Fees shall be charged for each IEA regular point show, Regional and Zone Finals separate and apart from annual IEA membership dues. \$4 from each individual rider's entry fee for each class shall be collected by the show host and paid to IEA within fourteen (14) days of receipt of show invoice, of which IEA will send \$1 to the Zone Chairmen, for zone use. Entry fees for Regular IEA shows, other than Zones and Nationals, will be no more than \$35 per rider per class. No fee will be charged for the coach. No additional fee will be charged to the Team.
2. All show fees collected shall be distributed between the host team(s) and the IEA National Office.

Rule 4: Competitions, Qualifications and Rider Eligibility

4. Show fees are non-refundable once the closing date designated by the host has passed. Substitutions of riders may be made up until the day of the competition, although the EHC may charge a \$10 office fee for any team making changes to their entries after the closing date.

G. Official Posting of Results

1. In order to have Individual and Team results of the competition officially posted to count towards national standings, the written results from the show competition, must be received by the IEA Membership Secretary within ten (10) calendar days after the last day of the competition. All funds must be paid in United States currency. Copies of the results shall be sent to the Zone Chairmen.
2. The Coach of the host Team shall verify that the correct fees have been collected and remitted to IEA in a timely manner. IEA may suspend a Team until the show fees are paid and no individual or team points won by the host team shall be counted in determining eligibility for the National Competition unless and until the show fees are paid to and received by IEA.

Rule 5: Show Hosting Policies, Duties, Responsibilities and Procedures

A. Applicability of IEA Rules

The provisions of these rules shall apply to the following persons: exhibitor, coach, rider, show official, show employee, EHC, show host and co-host, show facility and the designated representative or member of the family of the above, rider members and Team members who act in a manner in violation of the Rules of the IEA or deemed prejudicial to its best interests. Any action in connection with a show in violation of these Rules by a member of the family of a person participating in the Show, who is described in the previous sentence, may be deemed to have been committed by such person and subject her/him to penalties. IEA Member Teams may not adopt rules that circumvent or abridge established IEA rules.

B. Non-Protestable Decisions

The following decisions cannot be protested under any circumstances:

1. The soundness of a horse or the suitability of a rider or a horse, when determined by a Steward of the Show or by a Judge, is not a violation.
2. Judge's decision, representing his/her individual preference, is not a violation of the rules. The laws of the State of Ohio shall govern the construction or application of the IEA Rules. If the rules of the IEA do not apply to a given situation, then first the rules and regulations of IHSA and if not resolved then the rules of USEF (for the Hunt Seat Division) and the rules of AQHA (for the Western Division) may be used as a reference for guidance in making an equitable decision under the circumstances, including but not limited to procedural questions.

C. Event Host Coordinator Requirements

1. Any Team, in good standing, College or facility with approval of IEA, may make application to be an Event Host Coordinator ["EHC"] or Event Host Facility ["EHF"] and run an IEA regular point show. [See Rule 4(D).] While several Teams may co-host a competition, one Team must be the designated host. The Coach of the host Team is the primary decision maker and ultimately responsible for running a safe and quality competition that complies with all IEA rules and regulations. The EHC and/or EHF shall provide suitable facilities, horses and equipment for all entries including stirrup leathers for all hunt seat saddles. The EHC may limit entries to any number of riders and teams (so long as this limit complies with all other IEA Rules), which shall be binding on all participating teams and riders. For all teams other than a co-host, the EHC may not make entries contingent upon the entering team or riders supplying horses for the event. If a College or other facility will be the EHF, one IEA Team must be designated the host team and responsible pursuant to Rule 4(G).
2. The proposed EHC must apply to host an IEA sanctioned event, show or competition on the current IEA Show Hosting Application Form supplied by or made available through IEA. The proposed EHC must agree to comply with the IEA Rules and Regulations and all Show Hosting Policies promulgated by IEA. The IEA Show Hosting Application Form must be received by IEA, not less **sixty (60) days** before the date of the proposed event, show or competition, except for the

Rule 5: Show Hosting Policies, Duties, Responsibilities and Procedures

September shows where applications can be made up to forty-five (45) days before the proposed date. Thereafter, IEA will promptly process the application and determine if the date is available and preliminarily determine if all other show hosting qualifications are fulfilled. Before the EHC may announce the date of the event or supply entry blanks to other IEA members, and in order for the show, competition or event to qualify as a sanctioned IEA Regular Point Show, this Application and the proposed EHC must receive final written approval from IEA.

3. The EHC must acquire and send to the IEA Membership Secretary, and the Secretary must receive on or before fourteen (14) days before the date of the show, event or competition, a Certificate of Insurance from Equisure for the specific show date(s) and in the amounts indicated in the IEA Master Policy. The Certificate of Insurance must specifically name the "Interscholastic Equestrian Association, Inc., its officers, directors, shareholders, employees, agents and representatives" as additional named insureds on the insurance policy for the event, show or competition. Failure to acquire and timely provide to the IEA Membership Secretary this required Certificate of Insurance will result in the Show Hosting Application for the event, show or competition to be denied and approval of the EHC to be withdrawn.
4. Any changes to show management or show hosts must be finalized and reported to IEA Membership Office prior to the distribution of the prize list.

D. Minimum Entry Requirements for Regular Shows and Classes; Split Classes

A minimum of three (3) IEA Teams must compete in an official Regular IEA point show for Team points to count towards qualifying for Regional, Zone and National Finals. In cases of inclement weather, for points to count, fifty percent (50%) of the entered riders or fifty percent (50%) of the entered IEA Teams must attend. In order for a show to count, a host must offer either (a) all classes in the Futures division and/or (b) all classes in the Varsity/Junior Varsity division as provided in these Rules. In order for a class to count towards accumulated points, there must be a minimum of three (3) riders in each class. If there are less than three (3) riders in a class, the riders should be placed in another class of the same height. The class could also be run at discretion of the EHC but points will not be counted. Hunt Seat flat classes and Western horsemanship classes **must** be split at twelve (12) riders. Over fences and Reining classes **may** be split at twelve (12) riders. The EHC will run, award ribbons, and issue points separately for each of the split classes, as though the class was not split. The assignment of riders to each split class shall be equitable; however, no one section can have fewer than 6 riders in it for points and awards to be given. During Regional, Zone and National Finals flat classes are permitted to run with twelve (12) riders but the Beginner and Novice levels should canter in two groups.

In order to qualify as an IEA sanctioned event, from which the points will count towards the Zone and National Finals, the event must be timely announced to and open to all IEA Members in the host zone. This requires at a minimum a mail or email announcement to all IEA Coaches within that zone.

E. Host Show Requirements

The following information must be posted for all coaches and riders in a timely manner:

1. Courses for over fences classes must be posted not less than thirty (30) minutes before the class is to run.
2. Warm-up pattern for over fences classes.
3. Horse List – Descriptions of horses and equipment required.
4. Class list that displays which riders are in which classes and sections.
5. Team point chart that should be updated after each division is completed.

F. Class Routine

1. In order for the points earned at an IEA sanctioned show to count towards national rankings, the show must comply with Rule 5(D). A Championship Class as defined by Rule 3(C) is optional and does not have to be offered at a regular point show nor at Zone Finals. All classes offered for which rules are provided herein must be conducted in accordance with these rules. Care and control of horses shall be the sole prerogative of the owners of the horses.

Rule 5: Show Hosting Policies, Duties, Responsibilities and Procedures

2. A class in operation at the time of the stopping of a show for any reason shall cease and no placements shall be made. In the event that a class in which horses compete individually is stopped while in progress, due to storm, accident, or other emergency, the following procedure shall govern:
 - a. If the class is continued at the same session of the show, it shall proceed from the point at which it was stopped.
 - b. If the class is continued at a succeeding session of the show, it shall be held over in its entirety and no scores credited in the first session shall count.
3. If the class in which horses compete together is stopped while in progress due to storm, accident, re-ride or other emergency, the class (or test), when recommended, shall be held over in its entirety, and no consideration shall be given to the performance during the original session. If a show is stopped while in progress and is unable to recommence, then any points earned for a completed class will be awarded to the individual rider's point totals, but no team points will be awarded at that show.
4. It is recommended that fences consist of natural posts and rails, painted rails, brush, oxers (but not square oxers), coops, gates, walls and aikens. Coops that are hinged at the top and free at the bottom are prohibited. All fences must have wings at least twelve inches (12") higher than the top of the fence. Ground lines are mandatory.
5. All horses to be used in over fences classes must be schooled on the day of the competition and over the courses and over all the fences the horse is expected to jump and compete, at the highest height the horse will show over. On the day of the show, no rider entered may school a horse to be used in the show prior to that rider having competed in his own classes that day. During post season shows (Regionals, Zones, or Nationals) riders must have completely finished showing for the entire competition before they may be used as schooling riders. All schooling riders must be either (a) an IEA member or (b) a nonmember 18 years of age or older and have signed the IEA approved non-competitor schooling waiver of liability form.
6. Small ponies shall not be used in IEA shows. Medium ponies may only be used in futures classes.

G. Falls, Refusals and Eliminations

1. A rider is considered to have fallen when the rider is separated from the horse that has not fallen, in such a way as to necessitate remounting or vaulting into the saddle. A horse is considered to have fallen when the shoulder and haunch on the same side have touched the ground or an obstacle on the ground.
2. Falls will result in elimination unless it is undeniably clear that the rider fell from the horse through no fault of the individual and due instead to the unanticipated actions of the horse. Rerides after falls are rare exceptions any may only be granted by show stewards who witnessed the event. Three refusals will result in elimination. In Hunt Seat classes, no courtesy fences will be allowed after elimination. If elimination occurs during a ride-off, the contestant shall be placed in last of all of those chosen for the ride-off.

H. Drawing for Horses

Drawings will be by lot. The draw shall be held at least twenty minutes prior to the start of each class. Announcement of the draw must precede it by at least ten minutes.

I. Re-rides

1. When through no fault of the rider, a horse performs so poorly that it is impossible to fairly judge the rider's ability, a re-ride may be granted. A re-ride must be requested before the lineup in a flat class or the last horse leaves the ring in an over fences class. Only the coach of the rider involved may request a re-ride. Although they may confer with show management and the judge, only the show steward may grant or deny a re-ride.

Rule 5: Show Hosting Policies, Duties, Responsibilities and Procedures

2. If a re-ride is granted, it shall be judged as if the first ride never occurred. If a re-ride is granted in a class in which riders compete individually, the re-ride shall take place after all other rides in that class have been completed. If a re-ride is granted in a class in which riders compete together, the class will be rerun in its entirety.
3. If a coach feels that a rider has drawn a horse that the rider is not capable of riding, the show steward will determine whether or not the rider can re-draw. If the steward decides not to grant the re-ride, then the coach has the right to withdraw the rider from the competition and that rider's entry fee will be returned.
4. During a competition if it is determined by the sole determination of the show officials who witnessed the event that a rider fell from the horse through no fault of the rider and due instead to the unexpected and unanticipated actions of the horse being ridden, the rider shall be granted a re-ride.

J. Tack and Aids

No substitution of tack or aids by exhibitors shall be permitted unless approved by show management, the stewards or other IEA Rule. It is the rider's responsibility to check the tack before mounting; any tack concerns must be communicated to the horse handler or show steward for adjustment.

K. Use of Whips and Spurs

1. Crops, whips or bats may be carried only when specified by the Show Committee. Crops, whips and bats are not to be used before entering the ring. One or two disciplinary applications in the event of disobedience are sufficient. Stewards may rule that a rider be disqualified for improper use of crops, whips or bats. A list of aids appropriate to each horse must be posted or accompany each horse. Riders shall comply with the suggested use of aids.
2. In Hunt Seat and Western Division spurs are not permitted in the beginner divisions. Novice, Intermediate, and Open riders may only use spurs when indicated in the horse description. In Hunt Seat spurs can be no larger than ½ inch and should be blunt / smooth and supplied by the horse provider. Horsemanship and Reining classes may use a ball (non-rowled) spur. Western Riders should be prepared to provide their own spurs.

L. Dress and Headgear

1. It is the tradition of the show ring that riders are correctly attired for the class in question and horses properly presented. A show committee may, at its discretion, bar any entry or person from entering the ring if not suitably presented to appear before an audience, and must bar riders without protective headgear from any hunt seat classes.
2. At all times while mounted, riders in all hunt seat classes must wear a harnessed and fully fastened protective ASTM approved safety helmet. The IEA will follow the guidelines of USEF in the matter of what constitutes a safety helmet. Riders whose headgear becomes lost or unfastened while on course will be charged with disobedience and must not continue until the problem is corrected on penalty of elimination. Helmets and chinstraps must be fitted properly according to manufacturer's instructions. Ring personnel may assist the rider.
3. No position aids not otherwise required due to valid medical reasons supported by written doctor's orders will be allowed. The written orders from the physician must be presented to the show steward at each competition or event.

M. Awards – Ribbons and Trophies

1. The Color of ribbons at all shows shall be:

Champion-----blue, red, yellow	Third Place-----yellow
Reserve-----red, yellow, white	Fourth Place-----white
First Place-----blue	Fifth Place-----pink
Second Place-----red	Sixth Place-----green

Rule 5: Show Hosting Policies, Duties, Responsibilities and Procedures

2. A minimum of six ribbons shall be awarded in each class. The host facility or school, including at the Zone Competitions, shall furnish all ribbons and trophies, except for any perpetual trophies provided by IEA. Champion and Reserve ribbons shall be awarded to the first and second place teams, Leading Rider and Sportsmanship Award. Additional prizes may be given to the winners of each class, to the Champion Team and Leading Rider at each show at the discretion of each host.
3. At all shows, including Zone Finals, for all placings, team ties shall be broken first by the total number of 1st place finishes, then by total number of 2nd place finishes, then by the highest total over fences or reining points. If the tie still cannot be determined, a coin toss will determine the tie-break. This method determines both title and awards at all shows except National Finals. This method shall determine the distribution of awards at Nationals, but National Titles shall be shared.
4. At the National Finals, each division winner, the National Champion rider and the National Championship Team shall be awarded grand championship ribbons and trophies. Reserve through eighth place shall be awarded ribbons.

N. Personal Conduct of Exhibitors, Coaches, and Show Personnel

It is expected that exhibitors, spectators, and coaches will behave in a manner that reflects the dignity of the sport. Ill-mannered conduct will not be tolerated. The show management may expel from the grounds any person whose behavior is deemed dishonest, unethical, unsportsmanlike, or detrimental to the health, safety or well-being of any horse, person, or the Association during the progress of the show. Members may refer to the Code of Conduct Addendum for additional information concerning appropriate conduct of IEA membership, employees and Board Members.

O. Cruelty - Soundness / Ride-ability / NSAIDS

Equestrian sport is made possible by the animals that serve the rider. This is a sport of grace and elegance where the rider and animal work as a team. There is neither grace nor elegance in an abusive spectacle. IEA is concerned about animal welfare and encourages good horsemanship. IEA does not condone the use of medications that affect the central nervous system. Cruel or abusive behavior of any type toward the horses will not be tolerated. It is the responsibility, therefore, of all parties concerned to be aware of the conduct of participants and the condition of the horses; and, if a violation is observed, a report must be made immediately to the stewards.

P. Alcohol and Illegal Substances

The use or possession of alcohol or any illegal substance at a competition or event by the riders, members, exhibitors or coaches is strictly forbidden on the show grounds, and any participant apprehended with such materials will automatically be suspended from the show and membership in IEA.

Q. Rider Warm-up

The Event Host Coordinator or Show Host must provide a Warm-up Supervisor who is qualified by experience to assist the Show Steward where necessary. No rider, coach or anyone else without the approval of either the Warm-up Supervisor or the Show Steward may adjust any tack or equipment, except stirrup lengths. Flat Class riders will mount and ride the horse with no additional warm-up before entry into the competition arena. Over Fences Class riders will be allowed one lap in each direction around the warm up arena and two (2) practice jumps before the competition. Practice jumps will be set and adjusted by the schooling supervisor and/or show steward. It is recommended that one jump be set as a cross rail and one as a vertical at the same height as the class in the show arena. The Show Steward should post a set warm-up pattern that complies with the above guidelines.

If a show does not have a separate schooling area, a warm-up pattern in the show ring will be posted that complies with IEA guidelines. After the warm-up pattern is completed, the rider may confer with their coach for up to 30 additional seconds before starting the judged round.

7. Judges are to be listed in the prize list when submitted to the IEA Membership Office for approval.

C. Responsibilities of a Judge

1. Good judging depends upon a correct observance of the fine points and the selection of the best rider under the conditions of the class. A judge serves three interests: her/his own conscience, exhibitors and spectators. She/he should make clear to the audience that the best rider wins. The attention of the judges is directed to the difference in requirements between USEF equitation classes and IEA equitation classes. 3. Each entry blank must contain the following statement to be signed by the coach making entry:

"In exchange for entrance to and participation in the show, this entry constitutes an agreement and affirmation that the team making it, and each of its riders, coaches, trainers, and representatives shall accept and abide by the Rules and Regulations of the IEA and of the Show, and that each rider, coach and Team: (1) is a member in good standing of IEA, (2) is eligible as entered, and (3) will accept as final all rulings of IEA and the show steward (or committee) with respect to their conduct. Rule 7: Prize List, Entry Blank and Program

Coordinator, the host team and facility, the show stewards, stewards committee members, the show judges, the show secretary, all show organizers and officials, and all persons, stables, and others providing facilities, horses or equipment for the Show, other riders, coaches, teams and team sponsoring institutions, from any claim, action or suit, for injury, property damage or death sustained by the individual, rider, entity, coach, trainer, or participant while traveling to, from and around the show, while staying in the city for the show, during participation in the show and while at the show. This entry constitutes an acceptance of the hired officials at this event.”

C. Entries

The EHC must first open entries to members of their own region (if the zone is divided) or zone (if not divided), and offer a reasonable amount of time for a deadline. After the initial deadline date, entries may be opened to members from other regions and zones if space permits. The acceptance of substitutions is entirely at the discretion of the show committee. A show may adopt its own policy regarding the refunding of entry fees to an exhibitor who cancels entries after the closing date. Scratches prior to closing date will be refunded. The Event Host is not obligated to refund scratches after the closing date. Whenever entry money is collected, IEA must receive the \$4 per entry per class fee. Any violation of financial obligations will result in the member being restricted from future shows until such fees are paid, including monies due to the National Treasurer. Show management may require entries to be paid before the first class. In case of discrepancy between information in the program and that of the entry blank, the entry blank shall take precedence. It is recommended that all entries received by the closing date be acknowledged by the Show Secretary, including a schedule indicating the classes for each entry. The EHC may limit the number of entries so long as it is done in a fair and equitable manner, and does not require entrants to supply horses for the event.

D. Programs

Printed show programs are required and should be distributed to each coach on the day of the show and an official copy must be sent to the Membership office. However, it is not mandatory that additional copies be available for sale or distribution. These programs can be printed on 8 1/2 x 11 paper stock and should contain a statement of prizes offered for each class, the classes listed in order, the tentative time scheduled of classes, and the names of show stewards. If timely available, a program insert sheet can include an alphabetical list of exhibitors by team with their numbers and class sections entered, with a numerical list of exhibitors in each class.
